ABOUT ME

I am an enthusiastic, responsible and hard working software developer. Everything I have learned was through online information, and through some personal projects I gained skills to solve problems whenever an obstacle comes in the best way possible. I'm looking for a place where I can test my skills and be guided to be a better developer.

EDUCATION AND TRAINING

CS50's Web Programming with Python and Javascript
Harvard online courses

https://online-learning.harvard.edu/

- Database design, scalability, security and user experience
- Write and use APIs, create interactive UIs and leverage cloud services like Github and Heroku
